Can you please confirm ASAP if this will work out or not?

They can take 6/20 at 8am in Indy.

Please note

The shipment to Grand Rapids Mi delivered

The shipment to Indianapolis is at the local delivery terminal. They were given a DELIVERY APPOINTMENT IF 6/22 by the receiving clerk

Ian who can you talk to to waive the delivery appointment

Subject: Re: URGENT: Shipping issues with ABF

Team,

I can not tell you how urgent this has become. Please get this resolved ASAP. One order STILL has not delivered and needs to deliver by END OF DAY TODAY.

I got his note from the customer:

Are we able to intercept at Dayton and pickup with a truck we arrange? We can pick up today and have to Indy late today or first thing tomorrow. ABF also offers expediting through their Panther Transportation side that Juul can use to get here faster.

Estimated Thursday delivery to Indy could put us in a serious bind if there are more unforeseen issues.

Please get with Jan to arrange CC all parties on this e-mail. If a call is more efficient, please call UCSF Redaction *ext. 6543.*

A RESOLUTION IS NEEDED IMMEDIATELY.

Thank you,

Ian

Subject: URGENT: Shipping issues with ABF

Hey team,

We are having a few issues with ABF delivering these orders:

1907378 = Pro # 069181184

and

1907377 = Pro # 069181193

We need to make sure these are both delivered ASAP. These are our first shipments from this customer and ABF is not helping the start of this relationship.

This is the note received from the customer:

Your carrier (ABF) made appointments for today (6/15) in both of our warehouses. Yesterday, they requested a new appointment for Walker, MI. Today, they missed their appointment in Indiana. Our Supply Chain Manager has tracked both orders and found that Indiana's is still in Kentucky and Walker's is in Dayton. We are hoping to see the product on Monday. Since the product is late, this will delay the planned force-outs which were entered for Monday deliveries.

SAS (S Abraham and Sons) does have preferred carriers that have standing appointments at both of our warehouse. Due to SAS's relationship with these carriers, our Supply Chain Manager is able to assist in expediating the arrival of purchase orders. We also have better tracking on the orders. If possible, we strongly encourage all vendors to utilize these carriers. Attached is our routing guide.

If anyone at your company has questions about carriers in our area or freight questions in general, please have them contact our Supply Chain Manager, Jan Choroszucha (jan.choroszucha@sasinc.com). She can assist in helping make sure these issues do not happen again.

Please get back to us ASAP about this issue and the resolution.
