Hey Pilar,

We are going to trash one of the couches that lives on one of the pallets. I'm not sure how much it weighs but I can't assume under 75. We will still have the same amount of crates and pallets it will just be missing that couch.

I'm sure you know this from talking to Coast To Coast but pick up is at 9:00 PM at the show site. Again, we are booth number 506.

Do you need any other information or resources from me at this point?

Some of the furniture is really messed up so we may end up trashing some of it in which case we may be able to get rid of the pallets.

I need to talk to the show and see if we can leave trash behind. I'm going to call now and I'll let you know what they tell me.

Did Coast To Coast give you a pick up time to get the booth from the show?

Ashley,

According to the instructions we can deliver either at the Trade Show Warehouse by 04/15 or deliver

directly to the show on Monday 04/15,

The delivery location will depend on the pick up date and the transit time the freight will have,

What I need to quote will be the below information,

Pick Up date
Origin Zip code
Destination Zip code
Pallet count
Weight
Dimensions,
Description of the product

For the return I will need the same information as I stated before, however the origin Zip code will be the trade show site, what I will need is where will the freight be returning to,

After rates are approve, I will provide the information I will need, I believe we should take step by step so we are not confused :)

Best Regards,

Credit card payment shouldn't be a problem. I am in the process of trying to consolidate the pallets into the crates and I will then give you the proper dimensions.

Is there a credit card authorization form you'd like me to fill out?

Good Morning Stephanie and Ashley,

I copying in @Pilar Smith Cargo for information purposes as Pilar would better be able to direct you on the logistics of the booth. Can you please forward us the "Inbound Instructions sheet" the Show people should have provided you? The Booth will need address labels on all 4 sides to be safe of the show destination, I know you will be assigned a booth # that should be on that label as well and then provide returns labels to help the pull out process.

Thanks so much for the timely response! The pallets with the sofa, chairs, coffee table and tasting stand are to be placed back into the crates. I thought there were 4 crates total but this is my first time dealing with the full booth so I'll take your word for it.

Also thank you for Jeff's contact information I'll reach out to him now to get the ball rolling. I just spoke to my contact at NATO and he suggested shipping the booth ASAP so I'll arrange that with Jeff.

Please keep me updated on anything going on in the LV Warehouse.

Thanks!

Hey Scott,

Just touching base with you regarding our large Trade Show booth in theVapeWorld Vegas Warehouse.

We will be using it for the NATO Show in Vegas on April 19-21. The Freeman Warehouse will be accepting freight shipments beginning Friday. Per our conference call with Ashley the other week I remember you saying you needed a few weeks notice so I'm reaching out to get the ball rolling.

I am waiting to hear back from my NATO contact but I do have a map of where the deliveries are accepted and have attached it here (first page only pertains).

This will be my first time dealing with the large booth set up. What are our next steps?

Looking forward to hearing back :)
