To whom it may concern:

We recently received an inquiry on our website from a contact at Juul and are trying to contact the appropriate person who handles the financial decisions in relation to transportation expenditures and how those expenses effect the entire company.

Our company, Broussard Logistics is celebrating 40 years in business starting out as a freight bill audit and payment company. Ultimately, we work hand-in-hand with upper management in ways that allow them to gain valuable visibility, leverage spend, resolve outdated processes and identify opportunities. Our goal is to deliver value to your business so below I have provided a few links you may find useful:

If it makes sense to talk, what time works for your schedule to talk?

I'll also follow-up in a few days if I don't hear from you. If you are not the appropriate person, who would you recommend I talk to?

Respectfully,
