Here you go, Lisa. Attached are 6 PODs Jessica was able to obtain for UPS Freight Shipments.

Per our conversation a few minutes ago, in addition to all the "SEAL" orders (listed in tracking numbers), there were six additional Seal orders (Hogan and Interstate) I've identified as well (per Freddy Jimenez at Harrisburg).

Peter,

Please see the attached spreadsheet. I have provided PODs for the shipments highlighted in maroon as these are the only UPS Freight shipments. I am not sure which carrier the other blue shipments belong to but if you can find out let me know and I will request PODs from those carriers.

Thanks,

Jessica Fischer

Hi Jessica - My team (Babs Johnston) is trying to help get Lisa Walker PODs for her auditors. We have retrieved PODs for some small pack orders, and there are some additional tracking#s with "SEAL" in them – these are something else entirely (not our responsibility).

But, In Column I, I've highlighted (in blue) 12 tracking numbers we can't find in UPS.com (they are UPS Freight Orders), and we need PODs. Can you please email me the PODs for these 12 shipments. Thanks.
