Lori,

Per our conversation, and the attached Qualitest invoice/BOL, we did receive the 81 Cases at the McKesson – Duluth facility.

This product was received into our inventory and properly stored, per our DC procedures. It was neither lost, nor stolen.

Please contact me if you have further questions.

Mark

Mark,

First I have heard/seen of this one.

Peter/Carlos – are you aware of this? Did we have any large over receipts of controls?

Thanks,

Brian

Leon,

This is the missing pallet. They believe it was delivered to their facility and not properly checked in. Could you assist us in having this facility check?

Thank you,
Dennis

Mr. Haskins, I regret to inform you that we have lost a skid of Qualitest freight. We believe this might have been received with a trailer load mixed with other freight to McKesson but we cannot confirm at this time nor can we locate. Attached is your cargo theft check list and BOL. We have not filed a police report because we do not have product information or value.
