13. "Traffic handled direct" means the transportation of a shipment via only one motor carrier (not including carriers specifically designated as being considered as one carrier), whether pickup service at point of origin or delivery service at point of destination is performed by such carrier or for its account by another carrier as its agent.

ITEM 170

LIMITATION OF LIABILITY
(See Note A)

(a) Unless otherwise provided as set forth in Item 170, articles with an invoice value exceeding the limitations shown below in Column B, relative to the corresponding Class in Column A, will be considered to be of extraordinary value. Articles of extraordinary value accepted for transportation will be considered to be released at the value per pound shown in Column B, subject to a maximum liability of $100,000.00 per occurrence. The maximum value per pound will be arrived at by determining the actual Class of the articles tendered, as published in NMFC 100 series, or at an Exception Class, if applicable, whichever is less, and will apply to the weight of the lost or damaged articles. The maximum value allowed will be that which is

shown in Column B opposite the Class indicated in Column A, as follows:

COLUMN A	COLUMN B	COLUMN A	COLUMN B	COLUMN A	COLUMN B
CLASS	MAXIMUM VALUE PER POUND	CLASS	MAXIMUM VALUE PER POUND	CLASS	MAXIMUM VALUE PER POUND
50	$2.00	85	$12.00	175	$25.00
55	$2.00	92.5	$15.75	200	$25.00

77.5	$7.75	150	$25.00	500	$25.00

EXCESS LIABILITY COVERAGE – ITEMS OF EXTRAORDINARY VALUE

(b) If shipper desires to tender a shipment requiring carrier liability in excess of carrier's maximum liability as defined in Item 170 (a) of this tariff, then shipper must indicate in writing in Note (1) of the Bill of Lading, the agreed or declared value of the property being shipped. Carrier will assess an additional charge, in excess of the total freight charges, 3% by which the agreed or declared value exceeds the carrier's maximum liability as defined in Item 170(a) of this tariff, or a specific released value provision found in the NMFC where applicable. Excess liability coverage charges shall be paid by party specified in the bill of lading as responsible for the payment of freight charges. Excess Liability Coverage charge is subject to a minimum of $100.00 per shipment. Notwithstanding the agreed or declared value represented by the shipper, Excess Liability Coverage and the Carrier's Maximum Liability shall not exceed the full actual value of the goods lost or damaged in transit or $100,000, whichever is lower. Not applicable on used products.

(c) When on shipments handled by R+L in connection with another carrier (either Air, Motor, Water or Rail), R+L Carriers' maximum liability in the event of loss or damage or mistakenly exported to an incorrect destination will in no case exceed the maximum liability of the other carrier. For example, if the other carrier's maximum liability is $50.00 per shipment, the maximum carrier liability of the other carrier and R+L Carriers will be $50.00 for the shipment. If the other carrier doesn't have a maximum liability, R+L Carriers liability will be limited to $.50/lb.

(d) If the shipper does not properly describe the freight on the Bill of Lading or uses a description of "FAK" or "Freight of all Kinds" or other language that does not properly identify the commodities shipped, subsequent claims for shortage or damage will be limited $.50 per pound.

(e) Liability for loss, damage, or destruction to any shipment or part thereof in connection with the Spot Quote, Volume Quote, and/or Pallet Rate pricing system shall have a liability limited to the following:

(1) Actual invoice costs of the shipment.

(2) Applicable limited liability provisions of the NMFC, whichever is lower, subject to a maximum carrier liability of $1.00 per pound per package and $10,000.00 per shipment.

(f) Shipments that require, note, or imply segregation from odor emitting merchandise, which are not subject to FMCSA Hazardous Materials regulations, are subject to maximum carrier liability of $1.00 per pound or actual cost of the merchandise damaged, whichever is lower.

(g) Shipments being staged in transit anywhere within our network are subjected to an "open air" environment which may allow "debris or infestation" that is out of our control (i.e. bird droppings). If freight loss or damage occurs, carrier's maximum liability will be $2.00 per pound or the actual cost of the merchandise damaged, whichever is lower.

(h) Shipments found to be involved in any type of fraudulent activity, not limited to credit card and identity will have a claims liability of $2.00/lb.

(i) Liability for loss, damage, or destruction for freezable cargo shall be subject to the limitations as provided in Item 810. Unless the bill of lading is clearly marked as "protect from freezing", carrier will not be liable for loss, damage or destruction resulting from failure to furnish required protection.

(j) Liability for loss, damage, or destruction to any shipment or part thereof of the following commodities will be limited to a released value per pound as shown below:

b) Prearranged scheduling:
1) Upon reasonable request of consignor, consignee or others designated by them, carrier will, without additional charge, enter into a prearranged schedule for arrival of the vehicle for loading or unloading.

(II) to request that the vehicle with power be returned to carrier without being subject to charges for storage or redelivery so long as free time has not yet expired. When the vehicle is returned for completion of loading or unloading, the computation of any remaining free time will resume. (APPLICABLE ONLY WHEN SPECIFIC REFERENCE IS MADE HERETO)

All rates and charges published in this tariff or in RLCA private tariffs, contracts or pricing agreements making specific reference to this item are hereby or will on their effective date be increased as provided below, unless otherwise specifically stated in the tariff or contract.

In applying the provisions of this item, first determine the applicable net freight charges including all applicable increases and/or discounts, if any. The net freight charge so determined will be further subject to the surcharge provided.

The amount of the fuel surcharge is determined by the U.S. National average Fuel Index as published by the U.S. Department of Energy. The current index may be obtained by calling 1-202-586-6966. The index is announced each Monday and the fuel surcharge will be adjusted accordingly the following Wednesday. If Monday falls on a holiday, the index for the next business day that is not a holiday will be used to determine the applicable fuel surcharge.

ITEM 565

GUARANTEED DELIVERY

1. The R+L Carriers Guaranteed Delivery service is Carrier's delivery, or attempted delivery, of a shipment in accordance with Carrier's normal transit standards in effect at the time of the shipment when such shipment is accepted by Carrier before 5:00 p.m. local time under the terms and conditions set forth in this item 565.

2. If Carrier fails to deliver a shipment by 5:00 p.m. (local time) on the scheduled delivery commitment, subject to certain exclusions, Carrier will issue a zero-dollar invoice for the transportation charges of that shipment. After 5:00 p.m. (local time), deliveries are late only when Consignee's receiving department is closed. The "scheduled delivery commitment" is based upon the transit standards between any two zip codes and can be found on rlcarriers.com or by contacting our Business-Critical Team at 866.977.3331.

3. Eligibility. Shipments picked up by 5:00 p.m. local time for direct point service are eligible for R+L Guaranteed Delivery service. The scheduled delivery commitment is based on the date the pickup actually occurs and not on the date that the pickup was scheduled to occur (i.e., does not cover missed pick-ups). R+L Guaranteed Delivery covers all Less-Than-Truckload (LTL) direct shipments originating from and destined to all points in the 48 contiguous states.

4. Requesting Service. In order to request the R+L Guaranteed Delivery service, the Customer must clearly and distinctly indicate "Guaranteed Delivery" on the face of the bill of lading when the shipment is tendered to Carrier. To indicate R+L Guaranteed Delivery service using the bill of lading generator on www.gorlc.com/kp_bol.asp, the Customer must select the "Guaranteed Delivery" check box in the Additional Service Options section.

5. Charges for R+L Guaranteed Delivery service are the debtor's otherwise applicable net linehaul charges for that shipment (the "Standard Charges"), plus a 20% upcharge of the net linehaul charges for that shipment, subject to an Absolute Minimum Charge of $62.60 per shipment.

6. In the event the shipment is not delivered by the scheduled delivery commitment, and subject to certain exceptions set forth below, all transportation charges related to the specific shipment will be voided. Carrier will issue a zero-dollar invoice to debtor showing that no transportation charges are due for that shipment. Carrier will attempt delivery of the shipment with reasonable dispatch in accordance with its scheduled delivery service. In the event the debtor believes that a zero-dollar invoice should have been issued, the debtor shall notify Carrier within fifteen (15) days of the date of delivery by calling Customer Service at 1-800-582-1485.

   Exclusions. R+L Guaranteed Delivery does not apply to the following shipments:

   A) Originating from or destined to any points outside the contiguous United States:

      To or from the states of Alaska and Hawaii and the commonwealth of Puerto Rico, Guam, the Caribbean, US Virgin Islands and other US territories; to or from Canada, Mexico, Central/South America, Europe and Asia.

   B) Not properly packaged or labeled by the Shipper.

   C) Delayed due to missing, incomplete or inaccurate documentation.

   D) Requiring protection from freezing service.

   E) Requiring special equipment for delivery, including fork lift, crane or other mechanical devices.

   F) Requiring liftgate services.

   G) Shipments that are destined for will call points.

   H) Shipments that are held for consolidation.

   I) Containing hazardous materials that are incompatible with other items on the trailer.

   J) Involving R+L Carriers Truck Load services, capacity management, brokerage, intermodal, spot market pricing or other special programs.

   K) Held for inspection of detained by governmental regulation or mandate.

   L) Acts of God.

M) Blind Shipments

N) Load and Protect shipments – Must call 866.977.3331 for GSDS Rates

7. If the failure to meet the scheduled delivery commitment is caused by events beyond Carrier's control, including, but not limited to, act of God, acts or omissions of public authority; riots, strikes or labor disputes, including those of third parties; government regulations, orders or requirements; disruption in ground transportation as a result of weather or other causes; federal or recognized holiday that forces a limited or reduced operational staff by the carrier anytime during the same week, acts of public enemies or acts of terrorism; disruption or failure of communications or information systems; or acts or omissions of Shipper, Consignee or Owner of goods or any person or entity other than Carrier, the 20% additional upcharge will not be assessed, but the Standard Charges will apply.

8. If Carrier attempts delivery by the scheduled delivery commitment, but is unable to complete delivery due to exceptions caused by Shipper or Consignee, the Standard Charges plus the 20% upcharge shall be due to Carrier. Exceptions generally include, but are not limited to, shipments where the Shipper or Consignee delays or refuses delivery for any reason.

9. If Carrier attempts delivery by the scheduled delivery commitment, but is unable to do so, primarily due to causes beyond Carrier's control and are not caused by Customer, Consignee or Consignor, the 20% upcharge will not be assessed, but the Standard Charges will apply. R+L Guaranteed Delivery does not cover shipments delivered damaged or short/partial deliveries. Customer must utilize Carrier's claims process to file claims for damaged items or short/partial deliveries. R+L Guaranteed Delivery does, however, cover the transportation charges associated with damaged items delivered beyond the scheduled delivery date, or short/partial deliveries if Carrier fails to deliver at least one item out of the shipment by the scheduled delivery date.

10. Carrier reserves the right of recourse against the requestor of the service should Carrier be unable to collect any applicable R+L Guaranteed Delivery charges from debtor.

11. These terms and conditions shall control in the event they directly conflict with the provisions contained in any applicable contract or other applicable tariff item.

12. Carrier reserves the right to modify, suspend or cancel R+L Guaranteed Delivery, at its sole discretion at any time without prior notice. In such cases, only the Standard Charges will apply. Carrier will provide notice of any amendment, suspension or cancellation via its applicable company website, which shall be the controlling version of the program's terms and conditions.

2. If Carrier fails to deliver a shipment by 12:00 p.m. (local time) on the scheduled delivery commitment, subject to certain exclusions, Carrier will issue a zero-dollar invoice for the transportation charges of that shipment. After 12:00 p.m. (local time), deliveries are considered late, unless an appointment was required by the consignee. The "scheduled delivery commitment" is based upon the transit standards between any two zip codes and can be found on rlcarriers.com or by contacting our Business-Critical Team at 866.977.3331.

3. **Eligibility**. Shipments picked up by 5:00 p.m. local time for direct point service are eligible for R+L Guaranteed by 12:00 PM Service referred to as Guaranteed AM. The scheduled delivery commitment is based on the date the pickup actually occurs and not on the date that the pickup was scheduled to occur (i.e., does not cover missed pick-ups). R+L Guaranteed by 12:00 PM or Guaranteed AM service covers all Less-Than-Truckload (LTL) direct shipments originating from and destined to all points in the 48 contiguous states designated as approved origin and destination pairings.

4. Requesting Service. In order to request the R+L Guaranteed AM service, the Customer must clearly and distinctly indicate "Guaranteed by 12:00 PM Delivery" or "Guaranteed AM" on the face of the bill of lading when the shipment is

tendered to Carrier. To indicate R+L Guaranteed Delivery service using the bill of lading generator on www.gorlc.com/kp_bol.asp, the Customer must select the "Guaranteed by 12:00 PM" check box in the Additional Service Options section.

5. Charges for R+L Guaranteed Delivery by 12:00 PM or Guaranteed AM service are the debtor's otherwise applicable net linehaul charges for that shipment (the "Standard Charges"), plus a 30% upcharge of the net linehaul charges for that shipment, subject to an Absolute Minimum Charge of $125.40 per shipment.

6. In the event the shipment is not delivered **by** the scheduled delivery commitment, and subject to certain exceptions set forth below, all transportation charges related to the specific shipment will be voided. Carrier will attempt delivery of the shipment with reasonable dispatch in accordance with its scheduled delivery service. In the event the debtor believes that a zero-dollar invoice should have been issued, the debtor shall notify Carrier within fifteen (15) days of the date of delivery by calling Customer Service at 1-800-582-1485.

6. In the event the shipment includes a "call for appointment" or "notify", we will make every effort to schedule and deliver within the time frame designated by debtor. However, once an attempt and confirmation are made with consignee, it is the consignees agreed upon time that will override the time designated on BOL due to the "Call for appointment designation. In the case of the delivery falls outside the timeframe on the BOL due to consignee's decision to accept earlier or later, R+L will not reimburse nor deem shipment late under the provisions of the Guaranteed by 12:00 PM referred to as Guaranteed AM service rules.

ITEM 565-40

GUARANTEED HOURLY WINDOW DELIVERY SERVICE (GSHW)

1. The R+L Carriers Guaranteed Hourly window service, referred to as GSHW, is Carrier's delivery, or attempted delivery, of a shipment in accordance with Carrier's normal transit standards only in effect at the time of the shipment when such shipment is accepted by Carrier before 5:00 p.m. local time under the terms and conditions set forth in this item 565. This service offering must be delivered on the set standard transit day between the hours of 9am and 5pm, Monday thru Friday. It cannot deliver early or late. Customer designates an hourly window perimeter with a 1-hour window minimum.

2. If Carrier fails to deliver a shipment within this designated window. (local time) on the scheduled delivery commitment, subject to certain exclusions, Carrier will issue a zero-dollar invoice for the transportation charges of that shipment. Before or after the designated window, (local time), deliveries are considered late, unless an appointment was required by the consignee. The "scheduled delivery commitment" is based upon the transit standards between any two zip codes and can be found on rlcarriers.com or by contacting our Business-Critical Team at 866.977.3331.

3. **Eligibility**. Shipments picked up by 5:00 p.m. local time for direct point service are eligible for R+L Guaranteed Hourly Window Service so long as debtor provides a minimum of a 1-hour window. The scheduled delivery commitment is based on the date the pickup actually occurs and not on the date that the pickup was scheduled to occur (i.e., does not cover

missed pick-ups). R+L Guaranteed Hourly Window Service covers all Less-Than-Truckload (LTL) direct shipments originating from and destined to all points in the 48 contiguous states designated as approved by origin and destination pairings.

4. Requesting Service. In order to request the R+L Guaranteed Hourly Window Service, the Customer must clearly and distinctly indicate "Guaranteed Hourly Window Service and a time range with a 1-hour minimum window" on the face of the bill of lading when the shipment is tendered to Carrier. To indicate R+L Guaranteed Hourly Window service using the bill of lading generator on www.gorlc.com/kp_bol.asp, the Customer must select the "Guaranteed Hourly Window" service.

5. Charges for R+L Guaranteed Hourly Window Service are the debtor's otherwise applicable net linehaul charges for that shipment (the "Standard Charges"), plus a 40% upcharge of the net linehaul charges for that shipment, subject to an Absolute Minimum Charge of $160.90 per shipment.

6. In the event the shipment is not delivered **on** the scheduled delivery commitment, and subject to certain exceptions set forth below, all transportation charges related to the specific shipment will be voided. Carrier will issue a zero-dollar invoice to debtor showing that no transportation charges are due for that shipment. Carrier will attempt delivery of the shipment with reasonable dispatch in accordance with its scheduled delivery service. In the event the debtor believes that a zero-dollar invoice should have been issued, the debtor shall notify Carrier within fifteen (15) days of the date of delivery by calling Customer Service at 1-800-582-1485.

7. In the event the shipment includes a "call for appointment" or "notify", we will make every effort to schedule and deliver within the time frame designated by debtor. However, once an attempt and confirmation is made with consignee, it is the consignees agreed upon time that will override the time designated on BOL due to the "Call for appointment designation. In the case of the delivery falls outside the timeframe on the BOL due to consignee's decision to accept earlier or later, R+L will not reimburse nor deem shipment late under the provisions of the Guaranteed Hourly Window.

   Exclusions. R+L Guaranteed Hourly Window service does not apply to the following shipments:

   A) Originating from or destined to any points outside the contiguous United States:

   To or from the states of Alaska and Hawaii and the commonwealth of Puerto Rico, Guam, the Caribbean, US Virgin Islands and other US territories; to or from Canada, Mexico, Central/South America, Europe and Asia.

STOPPING OF TRUCKLOAD SHIPMENTS FOR PARTIAL LOADING
AND/OR PARTIAL UNLOADING

Except as otherwise provided herein, shipments subject to truckload rates and truckload minimum weights, received from one shipper at one point at one time for one consignee at one destination and covered by one Bill of Lading, may be stopped for partial loading and/or partial unloading, (not both) subject to the following provisions:

1. Stop Offs Permitted:
   (a) After initial pickup stop at origin and prior to final delivery stop at destination, a shipment may be stopped for the purpose of picking up or delivering (not both) component parts of a single shipment at origin, at points en route to destination, or at destination.
   (b) Pickup or delivery service may be performed at additional loading or unloading sites at origin, destination or intermediate stop off points within the continuous plant property or premises of the party receiving the service provided the pickup or delivery sites are not intersected by more than one public thoroughfare. A vehicle transfer charge of $331.60 will be assessed for each transfer of vehicle from one loading or unloading site to another. Pickup or delivery service between loading or unloading site separated by more than one public thoroughfare will be governed by other stop off provisions in this item.
2. Limitations:
   (a) Except as provided in Paragraph 1 (b), each stop off is limited to one placement of the truck in accordance with Item 750 (Pickup or Delivery Service).
   (b) Stop offs for partial loading or partial unloading WILL NOT be permitted on shipments moving "Inbond", "To Order", "Order Notify", "Order Care of", nor on which Section 7 of the Bill of Lading has been executed.

   (b) Except as provided in Paragraphs 1(b) and 3(a), each stop for either partial loading or partial unloading, but not both on the same shipment, will be subject to a stop off charge of $331.60 per stop.
4. Line Haul Charges: Line Haul charges will be determined as follows:
   (a) Shipment will be rated as if the entire shipment moved from each place where any portion of the shipment is picked up to each place where any portion of the shipment is delivered and the highest of such charges will apply to the entire shipment. In determining charges, apply rates in effect on date of shipment from point of origin.
   (b) If the total distance from initial origin to final destination via the stop off point or points exceed 115 percent of the shortest mileage from initial origin to final destination, that distance in excess of 115 percent will be charged for at the rate of 830 cents per mile. All mileages shall be computed by use of otherwise applicable tariff provisions. The greatest mileage between any point of loading and any point of unloading will determine initial origin and final destination.
5. Prepayment of Charges:
   All charges MUST BE PREPAID by consignor and only one freight bill will be issued for the entire shipment. However, charges may be collected when they are guaranteed by the consignor and so noted on the Bill of Lading at time of shipment. (Section 7 of Bill of Lading may NOT be executed!). All charges to be collected from the consignee at final destination.
6. Failure to Deliver Stop Off Freight:
   When Bill of Lading requires stop off to unload component part of the shipment and carrier is unable during business hours to effect delivery of such freight at the point or place of stop off, that undelivered portion of such shipment shall then be subject to rules and regulations governing unclaimed freight, storage and redelivery of freight, to the extent that such services are applicable.
7. Marking or Tagging Shipments:
   Except where shipment consists of identical packages or pieces, or where the various lots of freight comprising the shipment are of such nature as to be easily identified and segregated, each piece or package in any shipment stopped for partial unloading must be plainly and durably marked, stenciled or tagged by shipper in such manner that each lot of freight intended for delivery at a particular point or place of stop off will be readily distinguishable from all other freight in the shipment.
8. Stop Off Handled in Separate Vehicles:
   For carrier's convenience, any portion of the shipment may be picked up, transported, or delivered, in separate trucks and all portions of the shipment need not be transported through the stop off point or points.
9. Shipping Instructions:
   a) Arrangements for any stop off service provided in this item must be made with the originating carrier before shipment, or any portion thereof, is tendered for transportation.
   b) The entire portion of shipment to be picked up must be available for pickup at time of tender.
   c) The shipper must tender the part lots in the order required by the carrier.
   d) The party or parties authorized and designated by the shipper to accept or tender freight at a point or place of stop off may be the same or other than the billed consignee.
   e) The Bill of Lading shall designate the following:
      1) Stop off point or points and places;
      2) The weight, quantities, marking and description of articles to be loaded or unloaded;
      3) The name and address of the party authorized to tender freight or to accept freight for unloading at point or place of stop off.
